-oOo-

Submitted the Government.

. In G.O.Ms. No:506 F&A(FP) department dated 19.11.51 the Government sanctioned a separate Food Production Sub Division for South Kanara District. With the formation of the Food Production Sub Division in that district, it was ordered by the Government that the Minor Irrigation Staff in the district should be withdrawn and there is, therefore, no separate Minor Irrigation Staff in the district now. As the Minor Irrigation works, taken up for repairs or improvements by the Food Production Sub Division, will after completion of the works be handed to the Collector for maintenance, the Collector was asked to assess and report the strength of the "Routine Maintenance Staff" that is considered necessary for the purpose.

3. The Collector of South Kanara has reported that there will be about 400 works for maintenance spread over the six taluks of the district and that the Minor Irrigation staff consisting of one Minor Irrigation Supervisor, three Minor Irrigation Overseers, one clerk draftsman, four M.I.Lascars, and one Lower Division clerk for Collector's office is absolutely necessary when all the four hundred works are completed and the sources handed over to him for maintenance.

4. The Collector has reported that so far 54 irrigation works have been completed and that the M.I. staff consisting of one Minor Irrigation Supervisor, one Minor Irrigation Over two Minor Irrigation Lascars and one Lower Division Clerk for the Collector's office will be required for the present for the mainteance of the works completed so far. The Executive Engineer, Public Works Department, South Kanara has requested the Collector of South Kanara to take over immediately five Minor Irrigation tanks for regulation of water by the Revenue Department on the execution of repairs to them has been complete by the Public Works Department. The Collector has reported that he has not been able to take further action in the matter as there is no Minor Irrigation staff in the district. He has therefore requested early orders on his proposal.

P.T.O.

5. In the circumstances, stated above the Board of Revenue(Food Production) recommends the sanction of the Minor Irrigation Staff, consisting of one Minor Irrigation Supervisor, one Minor Irrigation Overseer, two Minor Irrigation Lascars, and one Lower Division Clerk for the Collector's office for the South Kanara district for the present. /A

Sub: IRRIGATION - Minor - South Kanara District- w under the Minor Irrigation grant - execution by the Food Production Sub Division - South Kanara - Instructions - Solicited -

Ref: G.O.Ms. No:506 F&A(FP) dated 19.11.51.

The Government in their G.O. cited have sanctioned a separate Food Production Sub Division for South Kanara district for the investigation and execution of all works under the Tank Improvement Schemes. There are 8 works in this district sanctioned under the Minor Irrigation Grant the expenditure relating to which is debitable to "18 Irrigation - Other Revenue expenditure - financed from ordinary revenues - Tank Improvement Scheme" Of these 8 works, 2 works have already been completed and the remaining 6 works are yet to be completed. A list showing the details of these works and the No. of the order sanctioning the estimates is enclosed for information.

2. These are but routine works of mainteanance and repairs which has to be attended to by the Minor Irrigation staff, under the control of the Revenue Department. Now that the Minor Irrigation staff existing in this district has been disbanded immediately on the formation of the Food Production Sub Division, South Kanara on 1.12.1951. I request that the Board may be pleased to order the execution of the 6 works referred to above (sanctioned under the M.I.Grar by the Food Production Sub Division of this district.

3. As these works can be got completed before the next monsoon sets in, I solicit early orders in the matter.

Board's Ref: No:2573/52-1 FP.II.A d/10-3-52.

A copy of the Board's reference second cited is forwarded to the Collector of South Kanara for information and necessary action.

2. The two M.I.Overseers under the control of the Revenue Department have been absorbed in the F.P.Sub Division newly formed in South Kanara and there is, therefore, no separate M.I.staff in the district now. But the six M.I.works ordered to be executed by the F.P.Engineering staff as well as the two other completed M.I.works and all other works which will be handed over by the spl. F.P.Engineering staff to the Collector for maintenance in future, after the present repairs are carried out by them, will have to be maintained by the Revenue Dept. after completion of the works in progress, as in the case of all M.I.works. For this purpose some routine maintenance staff may be necessary under the control of the Collector. The Collector is requested to examine the above aspect and to assess and report urgently the strength of staff, if a separate M.I.staff is considered necessary.

/True copy/

P.T.O.

Copy of D.Dis.9211/52. dated 15.5.52. from the Collector of South Kanara. to the Board of Revenue (Food Production)Madras.

**

Sub: IRRIGATION - S.Kanara District, - Execution of Minor Irrigation works by the Food Production Engineering staff Maintenance by Revenue Department - routine staff required report submitted.

Ref: Board's Ref: No:2573/52-3.FP.II.A dated 31.3.52.
Board's Ref: No:2573/52-4.FP.II.A.dated 1.5.52.
Board's Ref: No:2544/344/51-5.FP.III.A.dated 8.4.52.

The Board in its reference cited 1st above, has intimated that all the Minor Irrigation works after the present repairs are carried out, will be handed over by the Food Production Engineering staff ~~under the control~~ to the Revenue Department for maintenance. As a separate Minor Irrigation Staff under the control of the Collector for this purpose would be absolutely necessary, I have been asked to assess and report the strength of the Routine Maintenance staff that is considered necessary for the purpose.

2. In this connection, I have consulted the Assistant Engineer in charge of the Food Production sub division S.Kanara. He reports that after the completion of all works in hand by the Food Production sub division and the Grow More Food sub divisions working in th district under the Ex-Engineer P.W.D. S.Kanara division Mangalore there would be about 400 works for maintenance spread over the six taluks of the district. As the hilly nature of the Dt.renders touring difficult and as there is a paucity of experienced overseers in the district, it is considered that the following routine maintenance staff is absolutely necessary when all the works are completed.

(1) One Minor Irrigation supervisor.
(2) Three Minor Irrigation Overseers.
(3) One Irrigation Clerk for Collector's Office (L.D.C)
(4) One clerk draftsman for the M.I.Supervisor.
(5) Four Minor Irrigation Lascars - at one each for the supervisor, and the M.I.Overseers.

3. The above staff will be required only after all the works on hand with the F.P.Sub Division, S.Kanara are completed. This may take about two (2) years more. At present the No. of works sanctioned by the Board and the No. of works completed so far under the Tank Improvement Scheme are given below taluk war.

	No.of works sanctioned	No.of works completed.
Coondapur	24	5
Udipi.	81	35
Karkal	2	.
Mangalore	36	9
Kasargod.	18	3
Puttur.	7	2
otal:-	168	54

Therefore at present only the following routine staff will be required for the maintenance of the above mentioned completed works.

One Minor Irrigation Supervisor.
One M.I. Overseer.
One Irrigation clerk (L.D.C.)
Two M.I.Lascars.

This staff will have to be increased gradually as more works are completed and the full complement (staff) mentioned in para 2 above will be required when all the tanks under investigation by the F.P.sub division are completed.

4. In the Board's reference cited 3rd above, it was ordered that final orders regarding the submission of several periodicals to the Board relating to Minor Irrigation works would be passed on receipt of the staff proposals called for in the Board's reference cited 1st above. Though the FOod Production sub division is investigating and executing all F.P.Schemes works in this district

the clerical works relating to the submission of the Revenue, Administrative and Grow More Food aspects of the scheme, publication of B notice under rule 5 of the Madras Irrigation Tank (Improvement) Rules 1950 submission of several periodicals etc. will have to be done by the Revenue Department for which one irrigation clerk in the Collector's office is absolutely necessary.

5. Having regard to the above mentioned facts, I submit that the routine Minor Irrigation staff mentioned in para 3 above will be quite necessary for the efficient maintenance of the Minor Irrigation works by the Revenue Department.

Copy of C.No:21917/52-FP.I. dated 9.9.52 from the Collector of South Kanara. to the Board of Revenue (Food Production) Madras.

Sub: IRRIGATION - S.Kanara district - Minor Irrigation works- maintenance ~~of~~ by the Revenue Dept - Minor Irrigation staff sanction - orders requested -

Ref: 1.Board's Ref: No:2573/52-3.FP.II.A dated 31.3.52.
2.This Office D.Dis.9211/52. d/15-5-52. and
3.No:647 Rev. d/7-8-52 from the Executive Engineer, P.W.D South Kanara Division, Mangalore.

In response to Board's ref:2573/52-3.FP.II.A. d/31-3-52 I had submitted ~~the~~ proposals for the appointment of the following ~~Ex~~ staff in this district:-

1.Minor Irrigation Supervisor.
1.Minor Irrigation Overseer; 2 M.I.Lascars, 1 Lower Division Clerk for Collector's Office.

I have not received orders sanctioning the above staff.

2. In this connection, I enclose a copy of the letter cited second with its enclosures from the Executive Engineer, R.W.D. South Kanara, Division, Mangalore. He ~~requests~~ requests me to take over immediately the five Minor Irrigation works for regulation of water. As there is no Minor Irrigation staff, I have not been able to take further action in the matter. As the cultivation operations in respect of the IInd crop are to begin shortly and as I have to make necessary arrangements for water regulation, I request early orders on my D.Dis.9211/52 dated 15.5.1952.

Irrigation - (South Kanara) - M.D. works - Maintenance by the Revenue Dept. - M.D. staff sanction of:

From the Bd of Rev. (FP). Rym. 2573/52-9 P.T.C. dated. 14-10-52

The attention of the Bd of Rev (KR) is invited to the Rys quoted above and the Bd is informed that as only 5 M.D. works have been completed so far with S. Kanara Dist. it has been suggested that it will be sufficient if one M.D. Overseer and one M.D. Jeep car alone are sanctioned for the present for 2½ months approximately. The Bd of Rev (KR) is requested to offer its remarks on this suggestion.

Read: 1. Executive Engineer (F.P) Chittoor, letter No.106-SE dated 29.1.1953.
2. Board's Proceedings Routine No.145/50, dated 20.1.1950.

With reference to Board's letter II cited above, the Executive Engineer (Food Production) Chittoor addressed the Collector of South Kanara to take over all the completed works for future maintenance. It is reported by the Executiv Engineer that the Collector of South Kanara declined to take over the completed works on the plea of want of Minor Irrigation Staff in that District. These tanks, which are mere ponds, do not require any eloborate maintenance and hence may be taken over by the regular Revenue Staff and kept under watch by the village staff. Suitable instructions may be kindly issued to the Collector.

From the Bd of Rev B.P. Rt No 9081 dated 31-12-52

G.O. Ms. No. 1302 dated 5/5/53.

The Govt have examined the proposals of the Bd of Revenue in its reference first read above and in view of the fact that only 54 M.I works have been completed so far, they consider that it would be sufficient if one M.I Overseer and one lascar are appointed in the South Kanara at they accordingly sanction the employment of one M.I.O on Rs 70-120 p.m and one lascar on Rs 18-25 p.m for a period of 6 months from the date of employment for attending to work connected with the maintenance of M.I sources in that District.

2 The expenditure should be debited to "18 Irrigation — Minor Irrigation Rev Dept — Pay of Establishment — Voted"

3 The staff sanctioned in para 1 above will be eligible for dearness allowance and other allowances admissible to them under the rules

4 As regards the employment of the L.D clerk in the Collector's office, the Collector is informed that he may come up with a separate proposal furnishing statistics in support of the same.

Irrigation – (South Kanara) – Minor Irrigation works – Maintenance by the Revenue Dept. – Minor Irrigation staff – Sanction of.

From The Bd of Rev. (Food Production) Rg. No. 2573/52-9
F.P.I.C. Dated 14-10-52

To Govt.

Please see the Bds. Refce & its enclosures on the Cf.

2/ It has been stated that with the formation of the Food Production Sub Division in South Kanara dt., all the Minor Irrigation staff in the dt. was ordered to be withdrawn and that there is therefore no separate Minor Irrigation staff and that as the Minor Irrigation works taken up for repairs or improvements by the Food Production Sub division, will after completion be handed to the Collr for maintenance, it is considered that "Routine Maintenance staff" is necessary for the purpose. It will be seen from the Bds' Refce that there are about 400 M. I. works for maintenance spread over the six Talukas of the dt and the Minor Irrigation staff consisting of one Minor Irrigation Supervisor three Minor Irrigation Overseers, one clerk draftsman four M. I. Lascars and one L. D. clerk for Collr's office would be necessary when all the 400 works are completed.

3/ The Collr of South Kanara has reported that so far 57 Irrigation works have been completed and that the M. I. staff consisting of one M. I. Supervisor, one M. I. Overseer two M. I. Lascars and one L. D. clerk for the Collr's office will be required for the present for the maintenance of the works completed so far and has requested that the staff mentioned above may be sanctioned. The Bd of Rev (F.

as recommended that the staff mentioned/referred in 0 or 1 above may be sanctioned for the present. As the works so far completed are only 5 H, it appears enough if one M.I. overseer + one Lascar alone are sanctioned for the present for six months, the Board of Revenue (CR) may perhaps be requested to offer its remarks on the above proposal. A draft memo is submitted for approval.

Rev Dept 6/7-2-53.

Please see the notes from p. 1 ante. For the reasons stated in their note on p. 4 ante, F+A(FP) suggest that the staff recommended by Bd of Inl Rev (FP) Branch, viz One M.I. Supervisor, one M.I Overseer, two lascars and one Id clerk for allied office, might be sanctioned. It is submitted that F+A (FP) have not made a strong case for the employment either of a M.I Supervisor, or of the Id. clerks in the allied office. If the latter consider that the staff of one M.I overseer and one lascar to be sanctioned is insufficient, he will no doubt come up to Govt for the employment of additional staff. In the circumstances there appears to be no reason to accept the proposals of the Bd of Inl Rev (FP). They might, may adhere/ amend to their views on p. 2 ante. F+A (FP) and Fin may again see for remarks before circulation.

BOARD OF REVENUE 687 2 APR 1953 (C)

Food & Agri (FP) Dept

To As.

[Previous notes of this dept at p 3 ante]

The notes at page 4 ante may be perused. With refce to Y on p 4 ante it is submitted that so far 86 works have been completed by F.P. Engineering staff apart from 26 works completed by H.G. staff prior to the handing over of the works to F.P. Engg staff. The works are spread over a number of talukas & it may not be possible for one H.G. Overseer to effectively attend to all works in the district. The Collr of Srikakulam has also reported to the Board that a number of periodical inspection works in respect of irrigation works have to be attended to and that the post of S.D.C is necessary for the purpose. In the circs, this dept. may again recommend the sanctioning of staff as recommended by the Bd of Rev (Food Production) at p 4 ante.

With their remarks, the file may be passed on to Finance dept

H/3/53. 11/3/53

In view however, of the position stated at X on p. 4 ante, the view of Revenue that one H.G.C and one Lascar may be appointed for the time being, may be agreed to in this Department.

Finance Sec

(Finance Part saw on p 4 above)

Further notes on pp 4-5 above may be perused.

In the circumstances explained there in Finance may agree to the proposal to sanction the employment of one Minor Irrigation Overseer and one Lascar for a period of six months, for attending to the work connected with the maintenance of Minor Irrigation Sources in South Kanara district.

The extra cost involved works out to about Rs 1900 p.a. & Rs 950/- for 6 mths.
